## ROUTINE NOTES.

[To be used only for notes, requisitions, etc., not intended for permanent record]

A list showing the officials in the Mysore District who have put in continuous service of 3 years or a total acting service of not less than 5 years and who are still without substantive appointments is submitted herewith together with an extract from the Proceedings of the meeting of the Sub Committee of the Central Recruitment Board held on 8th Aug' 1928 recording their opinion as to how the cases of such officials are to be dealt with when I inspected the District office Mysore recently. I was given to understand that there <sup>were about 80</sup> ~~are 82 more of~~ such --- officials.

The question as to how the cases of such officials <sup>can</sup> ~~may~~ best be dealt with may perhaps be considered at the meeting of the Central Recruitment Board to be held on 8th October 1928 as an additional subject.

*The following*  
A note by the Revenue Commissioner in Mysore, in respect of the acting officials working in the Mysore District for a very long time.

\* \* \* \* \*

"In accordance with the principles formulated by the Sub-Committee at its last meeting 21 Brahmin Officials (list attached) appointed subsequent to 1920 will have to be asked to take their chances elsewhere, unless there is a chance of any of them being absorbed immediately in general vacancies."

"19 Brahmin Officials (list enclosed) appointed prior to the operation of the Central Recruitment Board Rules have to be absorbed without advertisement in General vacancies only as the Sub-Committee was not in favour of any Special vacancies being given to them."

"As regards the officials belonging to the backward communities they may all be appointed without advertisement in special vacancies if they are duly qualified."

"As it is likely that many of the officials mentioned in the lists are acting either in permanent or long standing vacancies it seems to be possible to absorb all the Non-Brahmin officials mentioned in Para 3, and many of the Brahmin officials mentioned in Para 2. All these vacancies will have to be classed as General or Special in accordance with the Recruitment Rules."

"As regards Local Fund Clerks, Local Fund Attendants, Tank Inspectors and Special Clerks of the Sub Division Offices, the Deputy Commissioner has not reported how their cases have been disposed of after the termination of their appointments and further enquiries will have to be made in their cases."

Subd with Ref to Chief Secy's order on the  
preceding page.

What rules are referred to in the Chief Secretary's note as new recruitment rules is not clear. There are altogether 53 officials without substantive appointments in the Mysore District as shown below :--

|                                | Brahmins. | Non-Brahmins. |
|--------------------------------|-----------|---------------|
| Entertained prior to 1920      | 19        | 5.            |
| Entertained subsequent to 1920 | 21        | 8             |

The opinion of the Sub Committee was that the 19 officials entertained prior to 1920 may be absorbed only in general vacancies without advertisement and not in special vacancies and that <sup>all</sup> the 13 Non-Brahmin officials can be absorbed in special vacancies if duly qualified. From the lists flagged Q and R, it is seen that all the Brahmin officials and <sup>7</sup> Non-Brahmin officials, ~~only 7, 8, and 10~~ are not qualified for the appointments on the pay they are now getting; they will have to be treated as exempted from the educational qualification required by the recent Government Order-revising the classification of appointments and qualifications for the same, if they are to be absorbed in ~~special~~ vacancies carrying the pay of their present acting appointments. Besides, the opinion of the Sub Committee in regard to the absorption of Brahmin officials can be given effect to only if there are as many as 19 general vacancies available at present; otherwise the absorption of some of them can be done only gradually as general vacancies arise. It is also a point for consideration whether they should be absorbed in vacancies carrying pay suited to their qualifications according to the old rules or according to the new rules. After this question is

Serial

decided, information may perhaps be called for as to how many of the officials can be absorbed immediately if the opinion of the Sub Committee is adopted and how many will have to wait.

Note Continued as directed.

A Statement showing the particulars as to the pay drawn by the several acting Officers - both Brahmins & non-Brahmins and their qualifications is put up. (Flag B)

It will be seen from the statement that of the  
the Brahmins of the erstwhile prior to 1920, <sup>all the</sup> ~~the~~ Brahmins  
<sup>3</sup> & 7 non-Brahmins are not qualified for ap-  
pointments on the pay they are now getting.  
The position of the officers appointed subsequent  
to 1920, 11 Brahmins & 4 non-Brahmins are not  
qualified for appointments carrying the pay of  
their acting appointments. It is a point for  
consideration whether even if the officers as are  
proposed to be absorbed now are to be treated  
as exempted from the educational quali-  
fications prescribed for the appointments in which  
they are to be now absorbed. It is also  
for consideration whether it would not  
simply narrow of the officers to be absorbed  
are appointed in existing vacancies - general  
or special, subject to ~~as many~~ twice the  
number of vacancies now given to Brahmin  
officers occurring in the Dy Commr's Unit.

so far as the officials entertained  
prior to 1920 and whose cases are  
covered by the resolution of the  
sub-committee <sup>are concerned</sup> these may be  
regarded as being exempted from  
rules of recruitment and absorbed  
in existing vacancies. The sub-  
committee thinks that these should  
be absorbed in general and special  
vacancies only, but I am of opinion  
that these may be absorbed in  
existing vacancies ~~and~~ without  
~~treating them~~ classing these vacancies  
ie treating them as not having  
occurred at all for purposes of  
rules of recruitment.

As regards the officials

stands on a different footing. The  
view of the sub-committee, is  
rather sweeping so far as the

be suggested.

prior to the revision of the rules in June 1927 and those entertained afterwards under the rules in effect after three advertising a vacancy or in general vacancies, may be treated as having been exempted from ~~passing~~ the operations of the rules of recruitment for appointments suited to their qualifications.

For ~~the~~ <sup>this</sup> purpose, ~~the~~ <sup>the</sup> majority of the appointments may be fixed with reference to qualifications required at the time of their initial ~~entertainment~~ <sup>entertainment</sup>.

The D.C. may be requested to terminate forthwith the appointments of such of these candidates as do not satisfy any of the above conditions probably there will not be more than one or two. ~~Such a~~ <sup>This</sup> case will mean that the problem of the kind now under discussion will not recur.

The cases of the <sup>exempted</sup> officials in the latter class will be governed by standing orders, ~~the~~ <sup>the</sup> absorption of Brahmins counting against existing or prospective general vacancies.

Subject No. 1  
-----

Letter No. C 3168/27-28, dated 3rd March 1928, from the Revenue Commissioner in Mysore, suggesting that for reasons explained (1) the officials of the Mysore District that have been continuously employed for not less than 5 years may be given preference to the extent of 50 per cent of the vacancies both General and Special (2) officials who have not got an uninterrupted service of 5 years but have continuously --- served for not less than 3 years may be absorbed in General vacancies, together with the list received from the Deputy Commissioner, Mysore District, showing the officials who have put in a continuous service of 3 years or a total acting service of not less than 5 years and who are still without substantive appointments.

From a perusal of the list sent by the Deputy Commissioner it is seen that out of 31 people named therein, 8 have been appointed since 1st 1.1.1920, after Central Recruitment Board rules came into operation. Of these 8, only 2 are non-Brahmins viz. B. Puttaswamy Naidu who has passed the S.S.L.C. Examination of Mysore and has put in 2 years' continuous service and H. Mohamed Sheriff who has also passed the S.S.L.C. Examination of Mysore and who was appointed in 1924. It is not clear what difficulty the Deputy Commissioner could have had in absorbing these officials as they are presumably fully qualified. It is not necessary to give exemption any exemption in respect of the two officials as they should be provided for in irregular vacancies. If any exemption regarding age limit is required, application may be made to the proper authorities. As regards the other six, there is no whatever to reserve any vacancy specially for them. To avoid further hardship likely to be caused to them owing to the expectation of being made permanent, only such of them as could be absorbed in General vacancies should be informed that there is a prospect of their continuance in service and the others allowed to take their chances elsewhere.

From the information placed before us it is not possible to state how these vacancies have arisen and how many are --- temporary due to the fact of people being given promotions and acting appointments made in the permanent cadre. In the case of temporary appointments, the officials who accepted the same ought to have been aware of the temporary nature of their appointment. There is no need to show any special consideration to them. In the case of people who were appointed prior to 1920 and who have been holding appointments continuously since then, the first appointment of a candidate not being of a --- temporary character, if it is held that these people should be absorbed in the vacancies belonging to the class concerned, so far as Brahmin officials are concerned, there is no likelihood of suitable vacancies being found for a large number and if they are allowed to take the benefit of special vacancies, there will be discontent from the Backward Community classes. The Committee feel that though there is some justification for special consideration being shown to the officials yet in view of the hardship likely to be caused to others, they should be absorbed only in general vacancies and we are not in favour of any special vacancies being given for them. The Committee are also constrained to observe that the fact that a large number of people have been kept for years together and no effort has been made either to absorb them or terminate their services, indicates that there must have been many irregularities in the --- number of appointments in this District. The Committee suggest therefore

therefore that suitable instructions should be issued to avoid manipulation of vacancies with a view to evade the rules.

Extract from the Proceedings of the Sub Committee  
meeting of the Central Recruitment Board held in the  
Chambers of the Revenue Commissioner in Mysore on ---  
Saturday the 8th September 1928.

Subject No. 1

Letter No. C 3008/27-28, dated 3rd March 1928, from the Revenue Commissioner in Mysore, suggesting that for reasons explained (1) the officials of the Mysore District that have been continuously employed for not less than 5 years may be given preference to the extent of 50 per cent of the vacancies both General and Special & (2) Officials who have not got an uninterrupted service of 5 years but have continuously served for not less than 3 years may be absorbed in general vacancies, together with the list received from the Deputy Commissioner, Mysore District, showing the officials who have put in a continuous service of 3 years or a total acting service of not less than 5 years and who are still without substantive appointments.

From a perusal of the list sent by the Deputy Commissioner it is seen that out of 32 people named therein, 8 have been appointed since 1920 i.e., after Central Recruitment Board rules came into operation. Of these 8, only 2 are non-brahmins viz., B.S. Puttuswamy Naidu who has passed the S.S.L.C. Examination of Mysore and has put in 4 years' continuous service and H. Mahomed Shoriff who has also passed the S.S.L.C. examination and who was appointed in 1924. It is not clear why what difficulty the Deputy Commissioner could have had in absorbing these officials as they are presumably fully qualified. It is not necessary to give any exemption in respect of the two officials as they should be provided for in regular vacancies. If any exemption regarding age limit is required, application may be made to the proper authorities. As regards the other six, there is no reason whatever to reserve any vacancy specially for them. To avoid further hardship likely to be caused to them owing to the expectation of being made permanent, only such of them as could be absorbed in General vacancies should be informed that there is a prospect of their continuance in service and the others allowed to take their chances elsewhere.

From the information placed before us it is not possible to state how these vacancies have arisen and how many are temporary due to the fact of people being given promotions and acting appointments made in the permanent cadre. In the case of temporary appointments, the officials who accepted the same ought to have been aware of the temporary nature of their appointment. There is no need to show any special consideration to them. In the case of people who were appointed prior to 1920 and who have been holding appointments continuously since then, the first appointment of a candidate not being of a temporary

character, if it is held that these people should be absorbed in the vacancies belonging to the class concerned, so far as Brahmin officials are concerned, there is no likelihood of suitable vacancies being found for a large number and if they are allowed to take ~~benefit~~ the benefit of special vacancies, there will be discontent from the Backward Community classes. The Committee feel that though there is some justification for special consideration being shown to the officials, in view of the hardship likely to be caused to others, they --- should be absorbed only in general vacancies and we are not in favour of any special vacancies being given for them. The Committee are also constrained to observe that the fact that a large number of people have been kept for years together and no effort has been made either to absorb them or terminate their services, indicates that there must ~~be~~ have been many irregularities in the manner of appointments in this District. The Committee suggest therefore that suitable instructions should be issued to avoid manipulation of vacancies with a view to evade the rules.

OFFICE OF THE REVENUE COMMISSIONER

REVENUE COMMISSIONER IN MYSORE.

Absorption of officials in the Mysore District, who have rendered temporary service for not less than 5 years.

SIR,

*C.R. 2007 nu*  
*6/10*

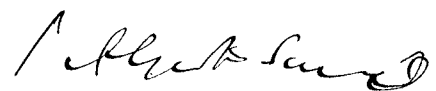

In continuation of this office No.C.1925/27-28 dated 7th December 1927, suggesting among other things that officials in the Mysore District, who possess the prescribed qualifications and who have continuously acted for a period of at least one year may be permitted to be absorbed in general vacancies, I have the honour to forward herewith copy of another letter from the Deputy Commissioner, Mysore, suggesting that officials who have put in a service of 2 years or more may be absorbed in permanent vacancies without advertisement or in "General" vacancies in the manner suggested by him in his letter No.A.-1423-27 dated 5th November 1927, (copy already sent to Government). If such officials are to be absorbed in General vacancies, there will be no likelihood of their being absorbed for years to come. I may mention that this evil of appointing men temporarily in short vacancies and keeping them on for long periods some times even 10 years came to my notice prominently in the course of my inspection and so I called for a list of all the officials concerned. I examined the matter in the course of my inspection of offices in the District in the months of October and January last. The Officers who are responsible for these irregularities have been transferred and I am not prepared to say that there has been a deliberate violation of the rules in many of the cases. At any rate, I strongly deprecate that any innocent officials should suffer on account of such defects in their appointments, and it is very hard to ~~cast~~ them adrift now. I beg therefore to suggest that officials of the Mysore District, who have

given a preference to the extent of 50% of the vacancies (both general and special). Several of such officials would have been absorbed but for the Central Recruitment Board Rules and it would be very unfair to oust these men adrift after having kept them for some years. In the case of officials who have not an un-interrupted service of 5 years but have continuously served for not less than 3 years, they may be absorbed in the general vacancies, instructions will be issued that Officers making such appointments hereafter, will be doing so at their personal risk.

I have the honour to be,

S i r, .

Your most obedient servant,

Revenue Commissioner.

Absorption of long-standing officials.  
-----

With reference to your observations made during the course  
of your recent inspections of Nagamangala and T.Narsipur Taluk  
Offices that officials who have put in long service may be absorbed  
in permanent vacancies, I have the honour to state that a statement  
has been separately called for from the several subordinate offices  
of the history of services of officials that have put in a service  
of 2 years or more and the same will be submitted after its  
receipt. In the meanwhile, I request that Government sanction  
may kindly be obtained to absorb these officials in permanent  
vacancies without advertisement, or in "general" vacancies in the  
manner suggested by me in my letter No.A.-1423-27 dated 5th  
November 1927, on the same subject.

Subject No. 1

(Letter No. C 3003/27-28, dated 3rd March 1928, from the Revenue Commissioner in Mysore, suggesting that for reasons explained (1) the officials of the Mysore District that have been continuously employed for not less than 5 years may be given preference to the extent of 50 per cent of the vacancies both General and Special; (2) officials who have not got an uninterrupted service of 5 years but have continuously served for not less than 3 years may be absorbed in General vacancies, together with the list received from the Deputy Commissioner, Mysore District, showing the officials who have put in a continuous service of 3 years or a total acting service of not less than 5 years and who are still without substantive appointments.)

From a perusal of the list sent by the Deputy Commissioner it is seen that out of 32 people named therein, 8 have been appointed since 1920 i.e., after Central Recruitment Board rules came into operation. Of these 8, only 2 are non-Brahmins viz. B.S. Puttuswamy Iyidu who has passed the S.S.L.C. Examination of Mysore and has put in 4 years' continuous service and H. Mohamed Sheriff who has also passed the S.S.L.C. Examination of Mysore and who was appointed in 1924. It is not clear what difficulty the Deputy Commissioner could have had in absorbing these officials as they are presumably fully qualified. It is not necessary to give ~~exemption~~ any exemption in respect of the two officials as they should be provided for in irregular vacancies. If any exemption regarding age limit is required, application may be made to the proper authorities. As regards the other six, there is no <sup>reason</sup> whatever to reserve any vacancy specially for them. To avoid further hardship likely to be caused to them owing to the expectation of being made permanent, only such of them as could be absorbed in General vacancies should be informed that there is a prospect of their continuance in service and the others allowed to take their chances elsewhere.

From the information placed before us it is not possible to state how these vacancies have arisen and how many are temporary due to the fact of people being given promotions and acting appointments made in the permanent cadre. In the case of temporary appointments, the officials who accepted the same ought to have been aware of the temporary nature of their appointment. There is no need to show any special consideration to them. In the case of people who were appointed prior to 1920 and who have been holding appointments continuously since then, the first appointment of a candidate not being of a temporary character, if it is held that these people should be absorbed in the vacancies belonging to the class concerned, so far as Brahmin officials are concerned, there is no likelihood of suitable vacancies being found for a large number and if they are allowed to take the benefit of special vacancies, there will be discontent from the Backward Community classes. The Committee feel that though there is some justification for special consideration being shown to the officials yet in view of the hardship likely to be caused to others, they should be absorbed only in general vacancies and we are not in favour of special vacancies being given for them. (The Committee are also constrained to observe that the fact that a large number of people have been kept for years together and no effort has been made either to absorb them or terminate their services, indicates that there must have been many irregularities in the manner ~~method~~ of appointments in this District. The Committee suggest therefore

therefore that suitable instructions should be issued to avoid manipulation of vacancies with a view to evade the rules.)

OFFICE OF THE REVENUE COMMISSIONER.  
IN MYSORE,  
Bangalore, 26th January 1929.

(16)  
My Dear Mr. Ismail Sheriff,

As desired by the Revenue Commissioner  
I send herewith a note in respect of the acting  
officials working in the Mysore District for a  
very long time. The Revenue Commissioner wants  
that the note may be placed before the Sub Com-  
mittee which will meet on the 30th instant to  
serve as a basis for discussion of the question  
by it. *No Council need be also formed*

Yours sincerely,

*H. Chetty*

CENTRAL RECRUITMENT BOARD  
26. JAN. 1929  
No. *8581*

1) In accordance with the principles formulated by the Sub Committee at its last meeting 21 Brahmin officials (list attached) appointed subsequent to 1920 will have to be asked to take their chances elsewhere, unless there is a chance of any of them being absorbed immediately in General vacancies.

2. 19 Brahmin officials (list attached) appointed prior to the operation of the Central Recruitment Board Rules have to be absorbed without advertisement in General vacancies only as the Sub Committee was not in favour of any Special vacancies being given to them.

3. As regards the officials belonging to the back-ward communities they may all be appointed without advertisement in Special vacancies if they are duly qualified.

4. As it is likely that many of the officials mentioned in the lists are acting either in permanent or long standing vacancies it seems to be possible to absorb all the Non-brahmin officials mentioned in para 3 and many of the Brahmin officials mentioned in para 2. All these vacancies will have to be classed as General or Special in accordance with the Recruitment Rules.

5. As regards Local Fund clerks, Local Fund Attendants, Tank Inspectors and Special clerks of the Sub Division Offices, the Deputy Commissioner has not reported how their cases has been disposed of after the termination of their appointments and further enquiries will have to be made in their cases.
